VILLAGE OF GLEN ELLYN TO SEE LOWER ELECTRICITY COSTS STARTING IN JULY

Glen Ellyn, IL – Residents and eligible small businesses in the Village of Glen Ellyn will begin to see lower electric bills starting in July 2016, due to an agreement with the Village's electrical supplier, FirstEnergy Solutions Corp.

As part of the agreement, FirstEnergy will match ComEd's estimated blended rate, thereby reducing the Village's current aggregation price from 7.13¢/KwH to a fixed 6.37¢/KwH. This new rate will be in effect July 2016 through August 2017, when the Village's three year contract with FirstEnergy expires. As was the case in prior contracts, this contract renewal includes keeping 100% green energy, renewable energy certificates (RECs), as part of the overall price.

“Residents can look forward to not only lower electric rates, but also knowing that their payments for electricity supply services are helping fund renewable energy efforts,” said Al Stonitsch, Assistant Village Manager for the Village of Glen Ellyn.

Glen Ellyn electricity customers can determine if they are currently enrolled in the Village's electric aggregation program, by finding their electrical supplier listed on their most recent ComEd bill. If new to Glen Ellyn and wish to opt-in the program, residents and small businesses can contact FirstEnergy directly at 888-651-5200. Similarly, if customers wish to opt-out of the aggregation program, they may do so at any time by contacting FirstEnergy directly.

For more information on the Village's electric aggregation program, visit the Village's website at <http://www.glenellyn.org/Web/MunicipalElectricAggregation.html>.

About the Village of Glen Ellyn

Located just 23 miles west of Chicago, the Village of Glen Ellyn, Illinois offers big city amenities with a small town feel.
