On Monday morning, March 19, 2018 the Glen Ellyn Police Department responded to St. Petronille School and Glenbard West High School to investigate several notes located on school grounds. St. Petronille School made the decision to cancel classes prior to school starting. Glenbard West High School and all other Glen Ellyn schools are open and continuing with the normal school day. No other notes were located at any other location.

The content and quantity of the notes are part of an on-going investigation and will not be revealed at this time.

Chief Philip Norton said, "We are committed to investigating any and all incidents involving any criminal acts, particularly at our schools. Those responsible for this activity will be aggressively pursued and brought to justice".
