**REQUIRED SUBMITTALS (See page 3 of application)**

**Contractor Registration (Complete page 4 of application)**

All contractors are required to be registered with the Village of Glen Ellyn under Village Code Section 4-1-11 and must be identified on this application at the time of submission. Contractors working at this project address in violation of this code section may be served with a Citation, or may be issued a Stop Work Order, or may cause the suspension or revocation of the Building Permit.

**Certification**

The property owner and the permit applicant (as owner’s agent) certify that the permit application information is true and correct, and agree that the work will be completed in compliance with the Village Code, and that errors or omissions discovered in the permit documents shall not be construed to approve any work in violation of the code, and that the issuance of a building permit or approval of construction inspection shall not relieve the property owner or the owner’s agent(s) of their responsibility to design, engineer and construct the work in compliance with the Village Code, and that the inspections of each stage of the work as listed on the building permit will be requested and approved prior to proceeding with the next stage of the work.
