

## Monday, March 16 Update:

The Village of Glen Ellyn takes seriously the advice of public health experts. In response to the evolving situation, the Village is currently taking several proactive and precautionary steps to help prevent the spread of the virus in our community. We ask for your continued help and assistance in mitigating the effects of COVID-19.

- In an effort to reduce the exposure of both the public and our staff to the Coronavirus (COVID-19), the Village is taking the precautionary step to **close the Civic Center (535 Duane Street) to the public beginning the morning of Tuesday, March 17**. The Public Works facility (30 S. Lambert Road), and Fire Stations (524 Pennsylvania Avenue and 681 Taft Avenue) continue to remain closed to all non-essential personnel. It's important to note that access to the Police Department (65 S. Park Boulevard) will continue. Though the listed facilities above are closed to in-person visits, please know that the Village continues to provide essential services including police, fire and public works. At this time, all Village departments remain available via email or phone. For a listing of alternate ways to do business with the Village, please visit [HERE](#).
- On Tuesday, March 17 at 7 p.m., the Glen Ellyn Village Board will hold a Special Emergency Village Board meeting to discuss emergency procedures in regards to COVID-19. Due to safety concerns, this meeting is not open to the public, but can be live-streamed on the [Village's website](#) and will be televised on WideOpenWest Channel 6, AT&T Channel 99 and Comcast Cable Services Channel 10. All questions and comments emailed to the Village Clerk prior to the audience participation portion of the agenda will be read into the official record. Please email your questions and comments to the Village Clerk directly at [villageclerk@glenellyninfo.org](mailto:villageclerk@glenellyninfo.org).
- The Village will be adhering to Governor Pritzker's restrictions limiting restaurants to take-out or drive-thru service, only. This restriction starts at the close of business Monday, March 16 and runs through March 30, based on information provided by Governor Pritzker at the [press conference](#) held on Sunday, March 15.
- Residents are strongly encouraged to practice social distancing measures, such as working from home when it's an option, staying home as much as possible, and trying to avoid public transportation or other places where the public is within close contact to one another. These actions will help reduce the number of people who become sick.
- The Village's guidelines and information are likely to be interim and fluid, subject to change as we learn more. We are moving quickly to learn as much as possible and working with many local and state partners to do so. We will continue to update residents as new information becomes available. An update will be posted daily to the Village's website at [www.glenellyn.org/covid](http://www.glenellyn.org/covid)
- It is important to stay connected with the Village during this time. We will continue to share updates and information on our website at [www.glenellyn.org/covid](http://www.glenellyn.org/covid) and through

our social media channels including [Facebook](#) (@VillageofGlenEllyn) and [Twitter](#) (@VillageofGE). Additional information may be sent through the Village's e-newsletter mailing list. If you are not already signed up, please take a moment to sign up [here](#). Residents can also sign-up for the Village's emergency alerting system that could be used should circumstances warrant. To sign up to receive alerts via email or text, visit [here](#). For those without internet access, updates can be heard on the Village's information radio station, AM 1620 KHz.
