Village Board Adopts Policy Statement on COD

Glen Ellyn, IL – At the June 13, 2011 Special Village Board Meeting, the Glen Ellyn Village Board unanimously approved a policy statement regarding its working relationship with the College of DuPage (COD). The policy statement approval comes after the Village held public meetings on May 23, June 6 and June 13 to discuss the partnership with COD.

The policy statement establishes a framework by which the Village and COD can positively work together in meeting the mutual goals of ensuring the safety of new development and taxpayer cost savings. The policy statement demonstrates that the Village is open to working with COD, and also provides direction for addressing immediate issues such as signage and construction. Overall, it is a flexible guide for developing a better working relationship between the organizations.

Please visit the *Latest News* page on www.glenellyn.org to view the policy statement as well as additional Village material regarding COD. For additional questions or comments, please contact Interim Village Manager Terry Burghard at 630-469-5000.
